ASSESSORS TO START MONDAY

1925 ASSESSMENTS FOR 1926 TAXES.

NO STATE MAN HERE

Supplies Are to Be Secured at the County Clerk's Office—No Changes Apparent.

The 1925 assessment on which the 1926 taxes will be levied will be under way June 1. On this day the assessors of the respective townships of the county are supposed to start on their tours, making out tax assessment lists for each individual tax that is owner of personal property an dreal estate.

Assessment lists can be secured at the office of Fred W. Smith, county clerk. He said this morning that he has received no notice from the state tax commission that there will be any change in the assessment this year from the last.

As a general rule a field agent for the state tax commission makes a visit to Nodaway County and meets with assessors, discussing the methods of assessments as they should be made and making clear to the assessors any problems which might be on the hazy order. However, this year, the county clerk has received no notice that a field agent of the commission will be here this year to meet with the assessors, and said it was probable that no none from the department would be here.

This morning there had been no calls for assessment lists by the assessors, Mr. Smith said.

The assessors for each township and their address:

Atchison—C. L. Holbrook, Clearmont.
Grant—A. S. Blagg, Barnard.
Green—Henry Argo, Quitman.
Hopkins—William Henson, Hopkins.
Hughes—Richard C. Maurer, Graham.
Independence—LeRoy Nigh, Parnell.
Jackson—W. R. Millsap, Ravenwood.
Jefferson—Joseph F. Lager, Conception Junction.
Lincoln—M. E. Russell, Elmo.
Monroe—Fred Shell, Skidmore.
Nodaway—Jim Greenelsh, Burlington Junction.
Polk—George H. Meek, Maryville.
Union—E. O. Gray, Pickering.
Washington—W. C. Giffin, Stanberry.
White Cloud—Walter Criss, Barnard.

Mrs. Harley Hughes of Detroit, Mich., who has been visiting her parents, Mr. and Mrs. George Coler, and Mr. Hughes' parents, Mr. and Mrs. D. M. Hughes, left yesterday morning for her home. Mrs. Coler accompanied her to St. Joseph to spend the day.

TRAIN TO NOT GO ON TO K. C.

MORNING PASSENGER TO RUN ONLY TO ST. JOSEPH.

NO MORE CHANGES

Some Talk Of Putting On Motor Cars Between Maryville St. Joseph—Wabash Not Affected.

The morning passenger train on the Burlington, leaving here at 7:52 a. m., will not run through to Kansas City as it has in the past, according to W. E. Goforth, agent of the Burlington. The change is effective May 31. This train will run as far as St. Joseph, and passengers will have to take the interurban or wait to take the afternoon Burlington train to Kansas City.

The change was made on account of the Burlington shortening its running time on the Denver-St. Louis trains. The Denver-St. Louis train will now arrive in St. Joseph at 8:48 a. m. instead of 9:30 a. m.

Passengers taking the morning train for points east on the main line of the Burlington east of St. Joseph will be unable to make connections after Sunday.

Mr. Goforth said there will be no changes in the other trains on this branch of the Burlington. The afternoon train will leave Kansas City at 4 o'clock, arriving in Maryville at 8:25 p. m.

There is some talk of the Burlington putting on a motor car between Maryville and St. Joseph. It is understood this service will not take the place of any train now running but will be an additional service here. While there is nothing authentic about the report as yet, it was thought the motor car would leave here earlier in the morning so as to make the connections at St. Joseph.

The Burlington has recently installed motor cars on the Bethany branch.

There are no changes on the Wabash in the time of trains here. No. 14, the night passenger, will leave Omaha at 6:12 instead of 5:55. No. 12 will connect with the main line No. 12 at Brunswick, and will arrive in St. Louis at 9 o'clock at night.

Thompson to Succeed Dr. W. F. Burris

E. B. Thompson of St. Joseph has been appointed by Bishop E. Waldorff as successor to Dr. W. F. Burris, who was superintendent of the St. Joseph District Annual Methodist Conference.

Mr. Thompson has been field secretary of late years for the Missouri Methodist Hospital.

Funeral services for Mrs. Caroline Oakerson, who died yesterday morning at her home in Skidmore, will be held at 10 o'clock tomorrow morning at the Methodist Church in Skidmore. The pastor, the Rev. J. J. Cokley, will officiate and will be assisted by the Rev. Reuben Barrett. Burial will be in Burr Oak cemetery.

Daily Market Reports

Are you reading the daily livestock, grain and produce market reports in the Democrat-Forum and Tribune?

This is the newest "service" feature in Nodaway County's only daily newspaper. It should be of great value to the farmer-readers.

These daily reports are received from the markets at Kansas City, St. Joseph, Omaha and Chicago, and give the receipts and today's quotations on livestock, grain and produce.

This service is supplied by the Kansas City office of the United Press direct by wire to the daily Democrat-Forum and Tribune.

Williams Is Senator But Yet He Is Not

Sworn In By His Stenographer, Notary Public, But Curtis Says He Will Be Sworn In In December.

St. Louis, May 29.—George H. Williams faces a situation of being a Senator and not being a Senator.

He recently was appointed United States Senator from Missouri to succeed the late Selden P. Spencer. Shortly thereafter he was sworn in by his stenographer, who is a notary public. A few friends witnessed the ceremony.

Now Williams has received word from Senator Curtis of Kansas, majority floor leader in the Senate, that he cannot be sworn in until Congress convenes in December.

NATIONS JURY IS STILL OUT

JUDGE INTIMATES HE WILL LET MEN DELIBERATE LONGER.

WOMEN AID DEFENDANT

Declare They Will Stand By Him Until Found Guilty—Charged With Protecting St. Louis Brewery.

St. Louis, May 29.—The jury deliberating the case of Heber Nations, former state labor commissioner, charged with violating the dry laws, was reported deadlocked today after almost twenty hours of seclusion. It is understood the jury has summoned a court attache, explaining they are unable to agree, and asking to be discharged.

No further word had been heard from the jury this afternoon. Judge Faris intimated that he was not satisfied with the situation and that he would let the jury remain in deliberation for some time yet. He had previously refused to answer the jury's plea that "we cannot agree and ask to be discharged."

Nations was charged with furnishing protection to the Griesedeick Brewing Co., and was jointly charged with Charles P. Prather, former state food and drug commissioner, and Raymond Griesedeick, wealthy brewer.

Prather, who pleaded guilty, and Griesedeick, who was granted a trial severance, both took the stand against Nations detailing the alleged conspiracy in which they charged that Nations posted the brewers on the whereabouts of Gus Nations, dry squad leader, and brother of the defendant. More than $12,000 is said to have changed hands in the alleged transaction.

Nations, in his defense, declared the deal with Prather and Griesedeick was only to trap the brewers. He was supported by hundreds of W. C. T. U. members who daily thronged the courtroom, declaring they would stand by Nations "until he was found guilty."

The body was accompanied to Burlington Junction by the two surviving children, Mrs. Frank McMacken and Mrs. C. B. Zarn, both of Los Angeles.

DOFFING HAS HIGH AVERAGE

GETS GOLD MEDAL FOR WORK AT ST. PATRICK'S HIGH.

REV. DIEBOLD SPEAKS

To Train Mind Without Consideration Of Body Would Be Folly and Huge Mistake, He Says.

"To train the mind without consideration of the body would be folly and a huge mistake. To build up the intellect of the mind without regard to the moral fabric is just as big a mistake," said the Rev. Isidore Diebold, O. S. B., of Conception, who delivered the commencement address to the graduates of the St. Patrick's High School, at the Empire theater last night.

"We teach our children to obey the laws of this country and claim obedience because it is right. Yet we often fail to go back and find that God is behind all things that are right. Morality must be based on religion.

"And so I congratulate you, as graduates of the St. Patrick's High School, because you have not only the knowledge of education but you have the knowledge of truth."

The Reverend Mr. Isidore concluded his remarks by urging that the graduates do not place the effects of their education in a corner but rather that they allow it to be the guiding light of their lives.

Eighteen graduates received their diplomas from the four-year high school course. This is the largest graduating class in the history of the school.

The class exercises consisted of three plays, which were written by the students, and which showed the values of the various subjects that are in the high school curriculum. The plays were well presented by the students. Music and special numbers were presented by members of the class.

The degrees and honors were presented by the Rev. H. F. Niemann, pastor of the local parish.

Edward Doffing, son of Mr. and Mrs. William Doffing of Maryville, won the gold medal for the highest average in scholastic standing for the four years in the high school. The second award went to Teresa Tuttle.

The other awards presented last night were:

Highest Averages. Fourth year—Edward Doffing, first; Teresa Tuttle, second; John Lyons, Elizabeth Growney, Florence Boedecker, and Mary Brough, honorable mention.

Millspaugh arrived here late last night and was immediately arraigned at his own request. No trial date was fixed. Seven co-defendants will be arraigned June 5, while the eighth, Roy T. Myers, fugitive cashier of the defunct institution, was reported still missing today.

FALL IS TO APPEAL CASE

DECISION OF JUDGE McCORMICK TO BE CONTESTED.

IMPORTANT DECISION

Counsel for E. L. Doheny, Oil Magnate, Says That the Fight "Has Just Begun."

Los Angeles, May 29.—Decision of Federal Judge Paul J. McCormick finding Albert B. Fall, former Secretary of Interior, and Edward L. Doheny, millionaire oil magnate, guilty of fraud and conspiracy in the Elk Hills, Calif. naval oil reserve lease and Hawaiian defense contracts, and cancelling the contracts and leases, will be appealed at once, it was announced here today.

Attorneys for Doheny were busy today preparing to take first steps in the appeal to be filed in the United States Circuit Court of Appeals.

Covering more than 105 typewritten pages, the decision is regarded as one of the most important of its kind ever handed down.

The decision of Federal Judge Paul J. McCormick in ordering the Pan-American Petroleum to give up its leases in Elk Hills and to stop operations at Pearl Harbor, Hawaii on the grounds they were obtained through Albert B. Fall through "fraud," was described by Frank J. Hogan, one of the Doheny attorneys, as only the "first step in the oil lease litigation."

Hogan said that an appeal would be noted by the counsel for Doheny in Los Angeles in June.

Pending the final decision in the case, the Doheny leases will continue to be operated by the received appointment by the court when the government first instituted its suit.

Washington, May 29.—While the government's special oil counsel hailed the cancellation of the Doheny leases in California, counsel for the Doheny interests declared today the "fight has just begun."

ALLAY FEARS FOR FLYERS

HOPES ARE EXPRESSED FOR CAPT. AMUNDSEN AND PARTY

FAVOR 2 WEEK'S WAIT

Instructions of Captain Were to Effect That He Would Take Time for Observations.

Oslo, Norway, May 29.—Continued fair weather in the polar zone and the knowledge that Capt. Roald Amundsen expected to make more extensive observations at the pole than was at first believed, served to allay today the fears that have been expressed as to his safety.

Later dispatches from Spitzbergen where Amundsen and his companions hopped off stated that members of his base party did not favor starting any search for the missing explorers until at least two weeks have elapsed.

Amundsen's instructions, according to Lieutenant Horgen, member of the party still at Spitzbergen, were not if he was not heard from in fourteen days, the steamer Hobby was to go east and the steamer Farm proceed west along the ice barrier.

If a six-weeks' search produced no results, the ships were to return on the presumption that Amundsen was directing his course to Cape Columbia, approximately 250 miles north of Greenland.

These instructions indicate that Amundsen started out on his spectacular dash with the firm intention of making observations that would require considerable time.

Detective's Sister Is Found Dead and Bound

New York Officer Swears Vengeanse On "Man Who Did This"—Discovered Near Her Home.

New York, May 29.—Brutally attacked and murdered, the body of Miss Florence Kane, 24, of Brooklyn, was found bound and gagged in a vacant lot within a stone's throw of her apartment this morning.

The police and detectives, among them Detective James Kane, her brother were sent to the scene before her identity was discovered.

There was a pathetic scene enacted at the spot when detectives arrived. Detective James Kane took one look at the dead girl and cried, "My God, it's Florence."

Do you know her, Jim?" asked Capt. John McCluskey.

"She's my sister," replied Kane in a broken voice. "I will get the man who did this."

Rhubarb, Like Onions, May Get One in Bad

Rope, who was dismissed from the service when the incident arose, will carry his fight for reinstatement to Washington, he said.

THE UNUSUAL MAKES NEWS.

It is the unusual that makes news. That is why many commendable things are passed unnoticed. Men are supposed to be decent, to be good citizens, to treat their wives and children properly and otherwise deport themselves in a manner that meets public approval. The exceptions make news. If a man goes to church on Sunday or stays home and avoids arrest, that is commonplace and to be expected. But, if a man gets caught in a poker game or in some other violation and is arrested, that is contrary to the general expectation and becomes news.

It has been said, by way of making the distinction clear, that, if a dog bites a man, that is not news but, if a man bites a dog, that is news. The unexpected, the unusual and the things that are contrary to the accepted proprieties, go to make up the bulk of the things that people want to know. It is a pleasant compliment to say a man is a good citizen but it is not news.

There was a time when it was news to say Mrs. Jones or Mrs. Smith of Barnard or Guilford went to St. Joseph and spent the day shopping. It was news to say that one of these ladies took dinner and spent the day with Mrs. Williams over in the next township but that was before the day of hard surfaced roads and automobiles. That was when it meant some real effort to do these things and when these things were unusual and not the regular daily habit.

Correspondents to the Maryville Democrat-Forum and Tribune are instructed that, if they find anybody who stays at home all day or several days that would be news now but it is no longer news to say that some woman is away from home or that some man is the proud owner of a new Ford car. It is the unusual that makes news.

DISPLAYING THE FLAG.

As Memorial day approaches it may not be amiss to again publish a reminder of the proper way to display the flag.

On Memorial Day the flag is displayed at half mast from sunrise until noon, and at full staff from noon until sunset.

When displayed horizontally or vertically against a wall, the union should be uppermost and to the flag's right, that is to the observer's left. It should be so displayed when in a window. When festoons or drapings of blue, white and red are desired, bunting should be used, but never the flag.

When used on a speaker's platform the flag should be displayed above and behind the speaker but never cover the speaker's desk nor drape over the front of the platform. If flown from a staff it should be on the speaker's right.

When displayed in a church it should be from a staff placed on the congregation's right as they face the clergyman, with the service flag, state flag or any other banner on the left wall. If in the chancel the flag should be to the clergyman's right as he faces the congregation.

When displayed over the middle of the street as between buildings, the flag should be suspended with the union to the north in an east and west street or to the east in a north and south street.—Shenandoah Sentinel-World.

Thirty-eight state legislatures passed a total of 10,809 bills this year. We ought to be nearing perfection if that is possible by statute.

The chief result of the Canadian "four by four" beer experiment which was expected to set Americans crazy has been disappointment. For a few days the Canadians reaped a harvest of small coin but the Americans who expected to go over and get a first class drink out of a few glasses of "four by four" have been generally disgusted. One man remarked that he had been drinking the stuff all day and was still sober much to his disgust. The whole thing is largely a matter of mental attitude after all. The possession of real beer doesn't measure up to the claims of its advance agents. The great pleasure is in pursuit.

L. R. McMillen Is Optimistic About Farm Conditions

Markets 2-Car Shipment of Cattle With Joe Holker On St. Joseph Market Yesterday.

(St. Joseph Stock Yards Journal)

A more optimistic situation exists in farming circles now than a year ago, according to an opinion voiced by L. R. McMillen of Nodaway County, Mo., who was at the yards Thursday with a two-car shipment of cattle.

"There is not the pessimistic feeling among farmers now there was a year ago," said Mr. McMillen in discussing the situation. "While cattle feeders have not made much on their feeding operations due to the high price of corn, this has been offset by fairly good returns on hogs.

"There is a pleasing contrast between $12 hogs now and $6.50 @ 7 hogs a year ago. Then those who raised a surplus of corn to sell last year were able to sell it at a very good price. Right now the crop outlook is very good. Corn went into the ground under almost ideal soil conditions and barring washouts there will be little replanting. Pastures are good and small grain is doing well."

Mr. McMillen marketed a drove of thirty-four steers weighing 1091 pounds at $10 which he figures made him a good profit for handling. These cattle were bought on the market early last fall at a cost of $5.75, weighing around 700 pounds. They were roughed along on pasture and in the corn stalks until put on full feed about three months ago. Mr. McMillen was accompanied on his trip to the yards by his two sons, Thurman, 11 years old and Raymond, 13 years old. The two boys marketed a Shorthorn heifer, weighing around 900 pounds, which they had fed themselves since it was weaned by its mother.

The calf was dropped in April last year. She weighed 890 pounds over the scales here and selling at $9.50 grossed the young feeders $84.55.

The boys take an active part in farming and livestock handling on the McMillen farm. Both can handle a 4-horse team as good as an experienced farm hand, according to the father and this statement was verified by Joe Holker, a neighbor, who was looking after the sale of two loads of cattle and hogs.

SUNFLOWER PORTLAND CEMENT

7-day tensile strength test
—one of the standard tests for cement quality

Standard specifications under which all cement is sold require, among other things, the making of tensile strength tests. The above illustration shows how the tests are made.

Samples taken continuously at the mill of the Kansas Portland Cement Company are combined and made into small briquettes, shaped like a figure '8', in preparation for this test.

Some are allowed to harden for seven days before testing. Others are kept twenty-eight days for another strength test.

The first test determines the rate of hardening and the second indicates permanent strength.

Before acceptance, cement must develop a tensile strength of 200 pounds per square inch after seven days and must pass the other exacting tests of the Standard Specifications.

But SUNFLOWER cement does more than just pass these tests. It exceeds standard quality by 50%. This record has been continuously maintained at the Kansas Company's mill.

With ordinary manufacturing methods, this feat might be difficult. With the famous Wet-Blending Process now used in the SUNFLOWER mill, uniform quality becomes a matter of habit. In fact, the chemist and the superintendent can always come within 1/10 of 1% of the quality at which they aim.

Result:—A super-quality product that costs no more than other brands of cement.

It has our unqualified endorsement.

MIRACLES, MODERN AND ANCIENT.

Comment on the Uniform International Sunday School Lesson for May 31, 1925. Read Acts 9.

Wm. Southern, Jr.

* * * * * * * * * * * * *

Modern medicine performs many miracles. If your shoulder aches the surgeon takes an X-ray picture of your teeth and by pulling the teeth cures the shoulder. If your big toe on the right foot becomes troublesome, the modern physician probably cures the toe by removing your tonsils. We do not think of these things as miracles any more than we think about miracles when we sit quietly at home and listen to the base ball score coming from the mouth of a metal horn. We do not think of miracles when we sit at home and hear a sermon and excuse ourselves from going to church.

Thus we use the modern miracle to cure the body and spread the gospel. That is exactly what the preachers of the early church did. Peter healed the man at the Gate Beautiful and in the study today the same Peter uses the power of Jesus to spread the gospel in Lydda and Joppa. We no more understand the miracle of the radio which brings us the sermons to our homes than those people with whom Peter worked understood the healing of the paralytic or the raising of Dorcas. It is just as mysterious to me to heal a sore shoulder by pulling a tooth convicted of guilt by something we call an X-ray, because X always represents the unknown quantity.

Peter, after the death of Stephen, was acting as Presiding Elder, or Bishop, or Inspector, for the new church and it was his job to go about and visit the new congregations. After his visit at Samaria he travelled toward the sea coast near Joppa and put up at a small town called Lydda. Here he was welcomed by the Christian converts made by Philip and here he met with a paralytic called Aeneas and healed him. While he was here he received a hurry up call from Joppa. One of the faithful Christians, a woman named Dorcas had died. We do not know if the Christians at Joppa expected Peter to do anything about it, or if they sent for him to conduct the funeral services. Whatever may have been the reason Peter responded and restored the woman to life.

Then the most significant statement is attached apparently as a matter of course. Peter became a guest of the house of Simon the tanner.

It is one of our homely sayings that politics makes strange bedfellows. Christianity was making strange bedfellows and is still making strange bedfellows. The Christians called Christian slaves brother, the Ethiopian was admitted without regard to color and now, most remarkable of any, Peter who had been an orthodox Jew, was a guest at the home of a tanner. The Jew was not permitted to touch anything dead and a tanner was accursed and outside the social pale. Peter was getting along toward Christian democracy and before long he went much further.

The new church was growing in numbers. More to the point it was growing in liberality and was slowly overcoming age-old prejudices and customs. The Christians, Jews themselves were beginning to see that Christianity meant much more than a combination of forms and ceremonies and the taking up of a collection and the paying of preachers and running expenses; much more than the building of temples and the observing of fast days. They were discovering that in Jesus and his teachings the lowly were as precious as those of high degree the poverty stricken had a soul just as valuable to God as the wealthy ruler and that even a tanner was not an outcast if he believed in the teachings of Jesus. A black eunuch was the equal of a white queen before God.

This was a long step for the new church to take yet it was not long enough. Only a little while afterward Paul was to come out of his retirement and revolutionize the Christian thinking of the day and Peter was to be converted with a vision.

I have not stressed the two wonderful miracles credited to Peter in this lesson. It is not necessary to do so. Jesus left along the story of his life many miracles. Now the disciples were responsible for a few, but miracles were not so frequent. St. Augustine, a most wonderful, sweet and powerful thinker, said long ago, a miracle is not contrary to nature, but only to what we know of the law of God; a miracle which can be explained is just as much a miracle as one which can not be explained. Why worry over the miracles in the Bible? I do not try to explain them. They are recorded for a purpose, they were used for a purpose and they accomplished that purpose. Peter restoring Aeneas to health and giving Dorcas renewed life, performed no greater miracle than God performed a little later for Peter himself when he showed him that even a Gentile might be a Christian. Let us not argue about miracles. The typewriter by means of which I am recording these thoughts would have been as much of a miracle to the people of Joppa as the language in which they are recorded and if they could follow the process and see this copy go through the linotype and then see thousands of reproductions of this article flowing from a perfecting press the papers grabbed by the mailing clerk and the newsboys they would probably have me burned for witchcraft.

Are there any ragged poverty stricken men or women in your neighborhood? Are there any black people with souls to save within the radius of your church? Only a generation ago before the civil war men solemnly debated whether or not the negro had a soul. Philip had no question about it. Are there any tanners, persons whom you in your comfortable egotism consider unclean, within reach of your ministry?

These are the questions this lesson brings to the earnest consideration of the Christian. There is no class in Christianity. There is no color line in Christianity. There is no dead line of method in dress or eating in Christianity. Our churches are filled with well dressed well fed, satisfied, comfortable men and women. Their sacred thoughts and their smug satisfaction and their claim of Christian goodness is not enough disturbed by the situation of others about them.

It would be a good thing for our churches if we were suddenly jolted out of our self satisfaction and well dressed piety and comfort. It would not hurt us to be a guest in the house of Simon the Tanner. But it would be a miracle.

Mrs. C. F. Strawn, her son, Kenneth, and daughter, Madyline, of St. Joseph will come tonight to spend Decoration Day with Mrs. Strawn's sister, Mrs. Charles Butler, and family.

Memorial Day Is Their Day

Each year we set aside one day to honor those brave and loyal citizens who, without heroics, gave heroic service to our country. We honor those who are among us as well as those who made their greatest gift for us. This institution considers it a deep privilege to acknowledge thus its deep debt to these, the finest of our manhood.

Private Lessons in Dramatics

The Northwest Missouri State Teachers College announces that arrangements have been made to offer private instruction to those interested in dramatics and public reading for the summer term. The purpose in offering private work is to give those interested in dramatics a chance to do more intensive work under direct supervision of an instructor.

This instruction is designed to develop personality, poise and power of expression of the individual by training in voice, vocal expression, pantomime and dramatic thinking. The course begins with fundamental exercises and short readings and progresses until larger and more difficult readings are studied.

The tuition will be the same as private lessons in the Conservatory of Music. One lesson per week for one quarter is $12.50; two lessons per week for one quarter is $25.00. The same credit system as in the Conservatory will prevail.

These private lessons will be given by Miss Laveta McClanahan of the College faculty. Special attention will be given to private lessons for students. Those interested in this work should see Miss McClanahan or telephone the College.

Closing Grain Review.

Chicago, May 29.—The wheat trade was featured by sharp breaks in today's trading on the Chicago Board of Trade. May led in the slump. Coarse grains were more bullish and closed fractionally higher. Lessened apprehension over growing crops led to extensive selling in wheat.

Leading houses freely absorbed new crop corn offerings on the strength of further complaints. Poor shape of pasturage brought belief that heavier farm consumption would reduce stocks.

Oats followed corn. Buying was based on prospects of crop deterioration. Provisions sagged under last-minute liquidations in the way of evening up.

Squirrel Season to Open Again June 1

Get out your .22's boys and clean them up.

Squirrel season officially opens in Missouri the first day of June.

An abundance of squirrels are reported in the county and this year's crop has been a large one.

The reports of small caliber rifles are expected to be heard out in the woods the early morning of June 1, as that is the best time of the day to hunt the little animals.

White Fuzz Blows Over City All Day

Fred Smith Remembers The Day in Iowa It Covered Big Pastures Knee Deep.

Fuzz, light, white silken fuzz—flying through the air in a northwesterly direction over the business section—covering everything, everybody and getting into everything.

It all came from the cottonwood tree on Nick Wagner's place, about two blocks southeast of the courthouse square. It continued to fly around filling the atmosphere that gave almost the appearance of a slow, big-flaked snow flutter. This fuzz penetrated every part of the courthouse today and caused the janitor no little trouble when he came to sweep up.

Fred Smith, the reliable county clerk, tells that when he used to live up in Iowa he can remember it was just about this time of the year and a kind of a dreamy, uninteresting day. There was a large cottonwood tree out in a pasture where a herd of cattle were grazing. He tells that along after noon a wind came up and blew the fuzz from the cottonwood tree so thickly over the pasture that it settled around the legs of the cattle and they froze to death.

Another Old Paper.

(Burlington Junction Post.)

Dr. M. Carter brought to our office last week a copy of the Burlington Junction Ledger, dated Nov. 20, 1890, almost 35 years ago. The paper was edited by A. F. Richards and the Doctor says at that time there were three papers published in Burlington Junction. The paper was well filled with news and advertising and was a well printed sheet. Among the advertisers the only firm we noticed that is still in business here, was Carter's Pharmacy.

Pickering

O. G. Nall.

Mr. and Mrs. O. B. Moon and Mrs. James Buchanan of Osawatomie, Kan., who brought the body of Mrs. A. E. Crouse, mother of Mrs. Moon, here for burial last week, left Tuesday morning for their home. They were accompanied home by Mr. and Mrs. C. B. Reed and son, Ward, who will visit at Osawatomie a few days and will visit on their return trip at Kansas City and St. Joseph.

Mrs. C. G. Swinford, Jr., returned Thursday from Rochester, Minn., where she had been for about ten days assisting in caring for her sister, Miss Josie Sadler, who underwent an operation at one of the hospitals there the first of last week. Mrs. Swinford reports that all the Pickering folks at Rochester are getting along fine and will be able to come home in a short time.

Otis Wagner and family moved from Maryville to the W. A. Dalrymple property in Pickering last Friday. Mr. Wagner expects to do truck hauling this summer.

Mr. and Mrs. C. G. Swinford had as visitors last Sunday Mr. and Mrs. John Closser and family of Kansas City. The Closser family formerly lived in Pickering vicinity, moving to Kansas City about thirty-seven years ago. This was their first visit here since moving away.

Mr. and Mrs. W. O. Saunders and son, Herschel, Mr. and Mrs. Milo Torrey, Mr. and Mrs. Henry Kellogg, Mr. and Mrs. Xa Lincoln and family went on a picnic trip to Shenandoah the first of the week. While in Shenandoah they visited the Henry Field seed house and radio station.

Miss Louisa Hinton came over from Skidmore the latter part of last week for a few days' visit at the home of her mother, Mrs. Louisa Hinton and with other relatives here.

Uncle Starling Carmichael, one of the oldest and best known residents of this community, is in very poor health at the home of his daughter, Mrs. J. C. Young. On account of his advanced age his recovery is very doubtful.

Ira Thompson, who underwent an operation for appendicitis at the hospital in Maryville about three weeks ago, has returned home and was able to come to town the fore part of the week.

The announcement this week that Roy Wolfers is severing his connection with the Bank of Pickering the first of July brings a feeling of regret to the whole community. The Wolfers family have been so long identified with the life of the community that it seems almost like breaking home ties for them to leave. D. L. Robb, who succeeds Mr. Wolfers as cashier of the bank has a large acquaintance here and will no doubt maintain the present high rating of the institution.

Forest Smith, son of Mr. and Mrs. W. C. Smith, one of the most promising young men of the community, will be bookkeeper at the bank when Mr. Robb assumes the duties as cashier.

The heavy frost last Sunday night played havoc with gardens and strawberries, especially on low lands. Some corn on bottom farms was so badly frozen that it has been replanted. As a rule however, corn was not badly injured.

MONARCHS ON JUNE 7

M. M. B. C. to Play All-Nations at Clarinda, Ia., For Memorial Day Game.

Editor Moorhead of the Hopkins Journal states that Jake Overmier, manager of the Hopkins baseball team, has procured a "whirlwind southpaw" pitcher, in Pitcher Hayens of Lenox, Ia. Hayens will be with the Hopkins team for the rest of the season.

He will be on the mound for the Hopkins team when that aggregation will be here Sunday to play the Maryville Merchants' Baseball Club for a return game. Several weeks ago the Maryville Club went to Hopkins and won by a score of 12 to 4.

Last Sunday Hopkins defeated the Maloy, Ia., nine in a "free out" game, due to the weather, by a score of 13 to 3. Hayens will have Reeder receive for him when Hopkins plays here Sunday.

For Maryville Heine Buhler and Tommy Tobin will comprise the Maryville battery. For reserve pitchers the Maryville club has Gordon Joy and John Brennan and as soon as the summer term opens at the College Dixon will be at hand to bolster up the pitching staff.

Since the baseball season opened for the M. M. B. C. on April 12, the locals have played eight games, winning five out of the eight.

The results of the games played up to date:

Maryville 19, Clarinda 6.
Maryville 13, Stanberry 9.
Maryville 10, Rock Port 9.
Maryville 1, Tarkio 7.
Maryville 6, Creston 10.
Maryville 12, Hopkins 4.
Maryville 14, Conception College 13.
Maryville 1, Pickering 3.

Tomorrow the M. M. B. C. will go to Clarinda, Ia., to play the All-Nations. Joy and Brennan will be ready to pitch for the Maryville Club.

The big game of the season to be scheduled is on Sunday, June 7, when the negro team, the Kansas City Monarchs, members of the National Colored League, will be here.

LETTER FROM MISSING MAN

ANOTHER CLUE IN McCLINTOCK TANGLE.

TELLS OF BIG OFFER

Robert White, In Communication From Philadelphia, Claims Defense Threatened To "Get" Him.

Chicago, May 29.—How an attempt was made to assassinate him for refusing to favor the defendant in the Shepherd-McClintock murder case was told today in a letter received by the state's attorney and purporting to have been written by Robert White, missing key witness for the prosecution.

The letter was dated May 26 and posted in Philadelphia the next day.

The letter stated that the attempted assassination followed the writer's refusal to accept $5,000 for repudiating his identity of Shepherd as a caller at the Faiman germ college.

"Believe me," the letter ran, "if I had had an airplane, I'd have taken it to get away. I wouldn't have chosen a rented automobile, for I wanted to leave and go fast and far. I see by the papers that J. J. Kelly has all of a sudden turned angel and got wings. He has told everything but the truth. Byrne and Rosen tried to get me to take $5,000 to change my statement, and when I refused, they told me they would get me bumped off for $50, and they would have done it too."

The letter from Robert White is believed by the state to be genuine.

Blomfield Elected President M Club

Fifty Letter Men of State Teachers' College Attend Banquet Given Last Night.

Ray Blomfield, a senior next year of the Northwest Missouri State Teachers' College, who was captain of the Bearcat basketball team last season, was last night elected president of the "M" Men's Club of the College at a banquet given by this organization at Roach's Cafe. Mr. Blomfield has been making his home in Maryville since he enrolled in the State Teachers' College.

Sam England of Maryville, captain-elect of the 1925 Bearcat football team was re-elected vice-president; and Denton Peoples of Sheridan, a football, basketball and track letter man, was elected secretary-treasurer of the organization for the ensuing year.

W. C. Pierce and J. F. Hull spoke during the course of the evening. The members of the athletic department, H. Frank Lawrence, head coach, and Paul Jones, assistant coach, were also on the program and gave short talks.

There were about fifty M men at the dinner last night. The club presented Mr. Lawrence with a Masonic ring. Certificates were given to the graduates of the 1925 class who have won letters at the College. A number of former students and graduates of the College who have won "M's" were present at the banquet.

(Skidmore News).

A twenty-four year partnership was dissolved last week when George Manchester sold his interest in the stock and building of the Manchester & Dodds hardware store to his partner, A. C. Dodds.

In 1901 Mr. Dodds purchased an interest in the Manchester & Gill hardware store and in 1903 Mr. Gill sold his interest to Manchester & Dodds, under which name the firm has been run since that time.

Mr. Dodds states that the business will continue as Manchester & Dodds and the business will go on as heretofore.

Mr. Manchester has been failing in health for several years and has been confined to the house most of the time since last Christmas and at present does not show much improvement.
